Evaluation

7 assignments	30%
10 tests	15%
Final exam	20%

Total	100%

Promotion Policy

To obtain a credit in this subject, a student must:

- Achieve a grade of 50% or better on the final exam
- Complete all assignments in a satisfactory manner
- Achieve a weighted average of 50% or better for the tests and final exam
- Achieve a grade of 50% or better on the overall course

How to Get an A in this Course

➢ Attend all lectures and labs.

➢ Take your own notes

➢ Ask question if you don't understand.

➢ Complete labs, assignments on time.

Communication

➢ My website:

  https://scs.senecac.on.ca/~wei.song/

➢ Email:

  wei.song@senecacollege.ca

 note: must use Seneca email; the subject line must start with "WEB222 + <section>".

➢ Student help hours:

  http://scs.senecac.on.ca/~wei.song/#timetable

➢ Office room: DB -2099

Expectation

- Be present. Be organized/don't fall behind.
- Be active in class/labs.
- Read not only the lecture notes.
- Learning strategy:
  - Getting the big picture (concepts, framework, architecture)
  - paying attention to the details (coding, syntax, hands-on)
  - Thinking, practicing and memorizing!

Thank you!
